

PERTH AND KINROSS COUNCIL**Enterprise and Infrastructure Committee – 27 January 2010****TENDERS ACCEPTED AND WORKS AWARDED UNDER
DELEGATED POWERS****Report by the Depute Director (Environment)**

This report details the tenders accepted and works awarded by the Executive Director (Environment) under delegated powers during the period 1 April to 31 October, 2009. It also details tenders accepted and contracts awarded for Public, Education and Community Care Transport under similar powers for the period from 1 April to 30 September 2009

RECOMMENDATION

The Committee is asked to note the contents of this report and the contract awards as detailed in the attached Appendices 1 to 5, and in Appendices 6 and 7 available in the Councillors' lounge.

BACKGROUND**Roads and Planning**

1. Under the Scheme of Administration, the Executive Director (Environment) is authorised to accept tenders of any value where:
 - a. the most economically advantageous tender is to be accepted and
 - b. the amount of the tender to be accepted is within the authorised estimates of expenditure of the Council;
2. In the case of the Annual Tenders, these rates are accepted annually by the Executive Director (Environment).
3. This report lists all tenders accepted and works awarded, of value in excess of £5,000, by the Executive Director (Environment) in the period 1 April 2009 to 31 October 2009.
4. The five appendices attached to this report are:
 1. Individual Contracts won in Open Competitive Tender.
 2. Works awarded to Tayside Contracts after Value for Money assessment, without competitive tender.
 3. Works won under Annual Tenders.
 4. Works procured by Other Means.
 5. Works awarded through Consultancy Term Commission.

Public Transport

5. Within the Scheme of Administration, the Executive Director (Environment) has delegated powers to accept competitive tenders for Public, Education and Community Care Transport contracts. All tenders are evaluated to determine awards that are the most economically advantageous from the Council's perspective. When considering tenders, the Council takes into account factors such as price, quality, operational proposals and technical merit.
6. The Transport Contract Award documents (Appendices 6 and 7 - available in the Councillors' Lounge) detail contract decisions made by the Executive Director (Environment) in respect of Public, Education and Community Care Transport contracts from 01 April 2009 to 30 June 2009 and from 01 July 2009 to 30 September 2009.
7. Under 'de minimis' and 'emergency' provisions the Council has the ability, in certain circumstances, to establish transport contracts without the need to obtain tenders. Any contracts established in this manner are also reported in the contract awards detailed in Appendices 6 and 7.
8. The Council formally established a Community Transport Fund in 2009/2010. The Executive Director (Environment) invited applications from voluntary sector organisations that provided or co-ordinated passenger transport related services in their communities or from organisations who were interested in doing so in the future. Following an initial bidding round, the applications received were assessed and three projects received grant awards in August 2009. The three grant awards are detailed in Appendix 7.

PROPOSALS

9. The Committee is asked to note the contents of this report.

CONSULTATION

10. The Head of Legal Services, the Head of Democratic Services, the Executive Director (Education & Children's Services) and the Executive Director (Housing & Community Care) have been consulted in the preparation of this report.

RESOURCE IMPLICATIONS

Revenue

11. The revenue implications of the Public, Education and Community Care transport contracts have been accommodated within the 2009/2010 budgets for the Environment Service, Education & Children's Services and Housing & Community Care. There are no other resource implications arising directly from the contents of this report.

EQUALITIES ASSESSMENT

12. The Council's Corporate Equalities Assessment Framework requires an assessment of functions, policies, procedures or strategies in relation to race, gender and disability and other relevant equality categories. This supports the Council's legal requirement to comply with the duty to assess and consult on relevant new policies to ensure there is no adverse impact on any community group or employees.
13. The function, policy, procedure or strategy presented in this report was considered under the Corporate Equalities Assessment Framework and the determination was made that the items summarised in this report do not require further assessment as they do not have an impact on people's wellbeing.

STRATEGIC ENVIRONMENTAL ASSESSMENT

14. Strategic Environmental Assessment (SEA) is a legal requirement under the Environmental Assessment (Scotland) Act 2005 that applies to all plans, programmes and strategies, including policies (PPS).
15. However, in this instance, no action is required as the Act does not apply to the matters presented in this report because they do not constitute a PPS as defined by the Act.

COUNCIL CORPORATE PLAN OBJECTIVES 2007-2010

16. The Council's Corporate Plan 2007-2010 lays out five Objectives which provide clear strategic direction, inform decisions at a corporate and service level and shape resources allocation. This report impacts on the following:-
 - i) A Safe, Secure and Welcoming Environment.
 - ii) A Prosperous, Sustainable and Inclusive Economy.
 - iii) Confident, Active and Inclusive Communities.

CONCLUSION

17. This report reflects best practice in terms of governance of the Council's affairs.

JIM VALENTINE
DEPUTE DIRECTOR (ENVIRONMENT)

Note

No background papers as defined by Section 50D of the Local Government (Scotland) Act 1973 (other than any containing confidential or exempt information) were relied on to any material extent in preparing the above Report.
