

Perth & Kinross Council are seeking to recruit people within the community of Aberfeldy and surrounding areas to provide a 'Home from Home' to a young person during the school week.

The 'Home from Home' Scheme aims to ensure a safe and welcoming base is provided during the school week for young people, who due to distance, cannot return home to their family on a daily basis.

If you live within reasonable travelling distance of Breadalbane Academy and have:

- ***experience of caring or working with young people***
- ***an understanding of the needs of young people***
- ***the ability to communicate effectively with young people and their family***
- ***the ability to work with Education & Children's Services in supporting a young person...***

and feel you could offer a safe and caring environment to a young person from Monday afternoon to Friday morning during term time, we would like to hear from you.

Fees will be paid and support provided along with ongoing contact with Education & Children's Services.

***(An assessment will be undertaken. Disclosure Scotland and other relevant Statutory checks will be taken up.)***
