What did you think of the Placecheck exercise as a way of engaging with local residents to begin to help identify local priorities?

Please tick one box

Didn't like it	Useful	Okay	Good	Very Good
			15%	85%

The Placecheck Approach

Please rank the following by ticking one box

(1 = not enough; 2 = could do with a little more; 3 = sufficient , 4 = just right)

		1	2	3	4
	The time allocated to giving some background information on Placecheck		4%	48%	48%
	The time allocated to the walk around Milnathort		24%	38%	38%
	The time spent discussing, identify and agreeing initial priorities		15%	30%	55%

Do you have any additional comments?

- Thankyou
- This is a good idea – worth continueing
- Very Good event, nice of council to involve the community
- Excellent initiative – more of same!
- I hope the promise about flooding discussion/action will be fulfilled
- It was a very interesting morning
- Signs and parking needs urgent attention
- Kinrosshire toilets
- Great event

Future Events

If we were to repeat this type of session do you have any suggestions that may help when organising any future events? This could be location, topic, day

- Give participants and indication how far the budget goes to help prioritise within budget
- You will never please All of the people, all of the time
- More publicity. Location is very good. Perhaps it would help to identify major issues for development (to carry on from this meeting)
