CULTURAL & COMMUNITY SERVICES

- FACILITY INFORMATION - ACROSS PERTH & KINROSS

Introduction

As part of the development of the Cultural Strategy for Perth & Kinross, there was a need to audit the available facilities for cultural activities.

This document is the result of considerable work of Cultural and Community Services staff particularly Community Learning and Administrative staff.

It is a resource document for use primarily for those working in the area of Cultural and Community Services but will hopefully be used by a wide variety of Council staff and their partners.
