1. INTRODUCTION

1.1 Purpose of the Audit

The Perth and Kinross Employment Land Audit is an annual document which provides information on the supply and availability of employment land for business and industrial use within the Perth and Kinross Council area.

It forms an important basis for monitoring and reviewing policies and proposals included in the Structure and Local Plans. In addition it helps to identify areas where further analysis and investigation are required.

The information that is held will be of interest to companies, developers and other organisations with a requirement for, or an interest in, employment land in Perth and Kinross.

The information is presented in summary form at the level of Local Plan and council area and also at individual site level within each Local Plan area. Maps of the employment land sites are also presented.

2. BACKGROUND

Scottish Planning Policy, the Perth and Kinross Structure Plan and Local Plan Policy all provide the context for the provision of employment land within Perth and Kinross.

2.1 Scottish Planning Policy

Scottish Planning Policy (SPP): Economic Development, published in February 2010, sets out the Scottish Executive's planning policy for economic development.

SSP states that planning authorities should:

- Take into account the economic benefits of proposed development in development plans and development management decisions,
- Promote development in sustainable locations, particularly in terms of accessibility,
- Promote regeneration and the full and appropriate use of land, buildings and infrastructure,
- Support development which will provide new employment opportunities and enhance local competitiveness, and
- Promote the integration of employment generation opportunities with supporting infrastructure and housing development.

The planning system should also be responsive and sufficiently flexible to accommodate the requirements of inward investment and growing indigenous firms.

SSP also states that planning authorities should ensure that there is a range and choice of marketable sites and locations for businesses allocated in development plans, including opportunities for mixed use development, to meet anticipated requirements and a variety of size and quality requirements. Marketable land should meet business requirements, be serviced or serviceable within 5 years, be accessible by walking, cycling and public transport, and have a secure planning status. The supply of marketable sites should be regularly reviewed. New sites should be brought forward where existing allocations do not meet current and anticipated market expectations. Where identified sites are no longer considered appropriate or marketable, they should be reallocated for another use through the development plan. The specific needs of different businesses should be taken into account in development plans and development management decisions, including the importance of access to the strategic road and rail network and opportunities for transport by water for manufacturing, warehousing and distribution uses.

2.2 The Perth and Kinross Structure Plan

The Perth and Kinross Structure Plan, approved in June 2003 by Scottish Ministers, seeks to promote the sustainable development of Perth and Kinross and give broad strategic land planning guidance for the years to 2020.

It states that Local Plans shall seek to ensure that a 5 year supply of marketable land, in each category (business and industrial), is available and maintained at all times.

Strategic Development Plans

A new planning system for development plans, as a consequence of the Planning etc (Scotland) Act 2006, came into force January 2009. This has seen the removal of the requirement to prepare structure plans. Perth & Kinross Council, working with Angus, Dundee and Fife Councils have been required to prepare joint Strategic Development Plans (SDPs). The new Strategic Development Plan will encompass most of Perth and Kinross and, with the pre existing Structure and Local Plan, will set the development framework for Perth and Kinross.

An analysis of current business land activity, market demand for economic land and emerging employment land supply will be undertaken during SDP process.

2.3 Perth and Kinross Local Plans

New employment land allocations in Perth and Kinross, required to meet business demand and sustain the economy, are identified in the existing five adopted Local Plan areas. This audit contains details of opportunity sites as well as employment land sites zoned within each of the current adopted Local Plans.

With the introduction of the new Planning System a new Local Development Plan for Perth and Kinross is currently being prepared which will consolidate the existing five Local Plan areas into one Local Development Plan. These changes will not affect the current Employment Land Audit, until the new Local Development Plan has been adopted.

3. EMPLOYMENT LAND AUDIT 2010

3.1 Preparation of the Audit

This audit has been prepared from information provided in the Local Plans and through the monitoring of planning application approvals.

Employment land site details recorded for the purposes of this audit are as follows:

- Reference number – unique to employment land sites
- Location and address
- Status
- Local Plan reference number
- Size, including the undeveloped, constrained, marketable and immediately available areas.
- Comments, including constraints and current planning permissions

A Glossary and list of abbreviations used in this Audit can be found in Appendix 1, Glossary of Terms and Abbreviations. Summary information about employment land availability in Perth and Kinross at Local Plan level is presented in Appendix 2, Perth and Kinross Employment Sites - Local Plan Area Summary. Information for each of the employment land sites is presented in Appendix 3, Perth and Kinross Employment Sites by Local Plan Area and Settlement.

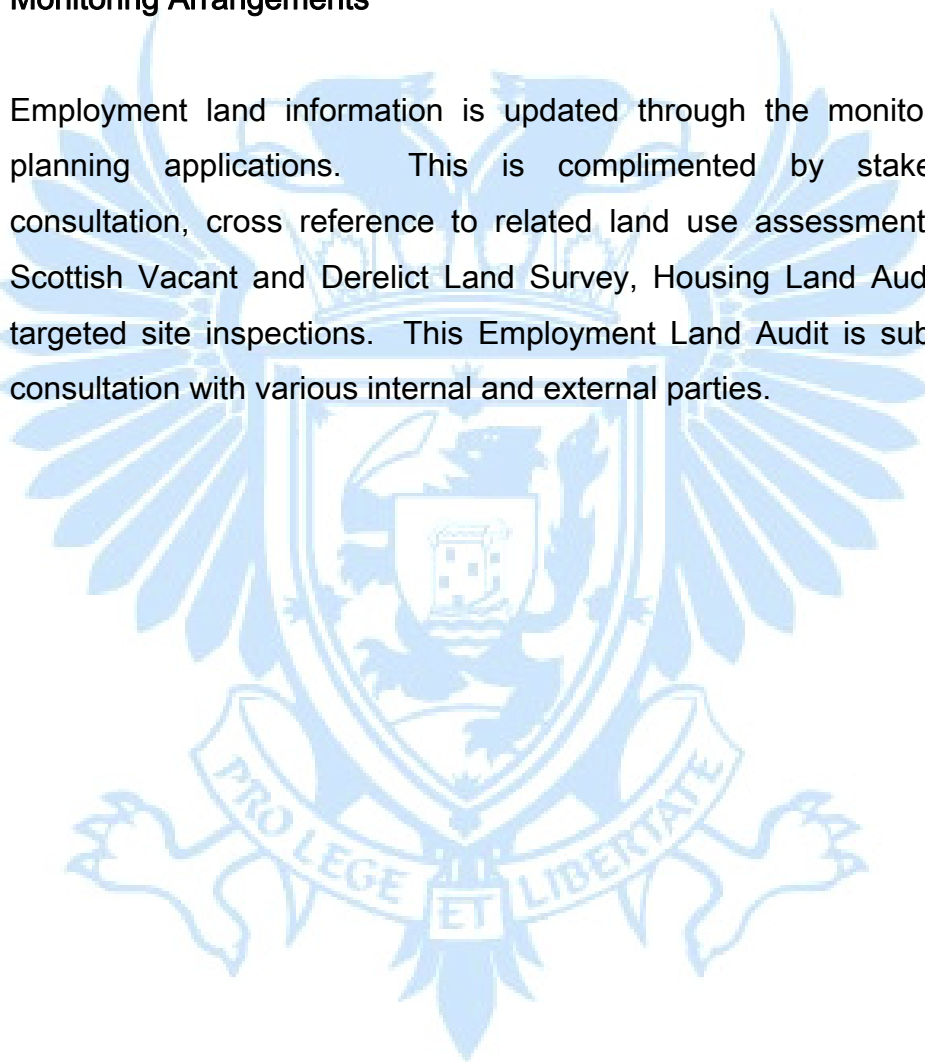

The site status indicates whether a site is under construction, if it is partially developed, whether it has planning consent, or is identified in a draft, finalised or adopted Local Plan. Where sites have planning consent, the type of consent is noted as either detailed or outline. If consent has been granted, but expired, this is also stated.

If a site has no entry in the Local Plan reference column, it is referred to as a windfall site.

The base date for the published data is August 2010. All figures are given in hectares and are gross areas, unless otherwise stated.

3.2 Monitoring Arrangements

Employment land information is updated through the monitoring of planning applications. This is complimented by stakeholder consultation, cross reference to related land use assessments (e.g. Scottish Vacant and Derelict Land Survey, Housing Land Audit) and targeted site inspections. This Employment Land Audit is subject to consultation with various internal and external parties.

3.3 Employment Land Supply

Several categories of employment land supply are identified in the audit. These include the following:

Total Available Employment Land: This includes all land that has been zoned for business / industrial / general employment use in the latest Draft, Finalised or Adopted Local Plan. In addition, Windfall sites have also been included as additional sites which are appropriate for the development of Employment related infrastructure to help meet the identified need.

Any land that has undergone development to date, has done so following site identification in 2004 (no audit was released in 2004).

The development status of a site is listed in the 'Site Status' column, which can be found in Appendix 3.

Major Constrained Land: Area of land with constraints which can affect the immediate availability of the site. Constraints can include:

- Inability to obtain Planning Permission
- Ownership issues (For example, multiple owners or unwilling sellers)
- Physical Constraints including poor infrastructure provision or difficult topography
- No / poor road access
- Poor availability of services to the site including water, gas, electricity
- Ground Condition Constraints
- Contamination

This category includes much of the land that has been identified for employment uses, that is not marketable i.e. it is considered to be non-effective.

Minor Constrained Land: This is land which:

- Has constraints, but the extent of the constraints is judged to be marketable within 2-5 years.
- Can have secure planning status (it has either outline planning permission or detailed consent),
- is consistent with policy in National Planning Policy Guidelines 17: Transport and Planning.

Immediately Available: This is land which:

- meets business requirements,
- is identified in a Finalised or Adopted Local Plan,
- has a secure planning status (it has either outline planning permission or detailed consent or there are no known barriers to gaining consent),
- Is currently serviced (that is free of constraints)

Land is deemed to be available, even if planning permission has been granted, until physical construction commences. In reality, however, land, is likely to be unavailable to other developers and interested parties prior to physical development. This is more difficult to monitor.

3.4 Perth and Kinross' Employment Land Allocations

Table 1 shows an outline of the Employment Land Allocation in Perth and Kinross, consisting of Major Constrained, Minor Constrained and Immediately Available Land.

	Area	% of Total Employment Land Allocation
Total available Perth and Kinross' Employment Land (ha)	410.31	100
Major Constrained Land	249.89	61
Minor Constrained Land	148.48	36
Immediately Available Land	11.94	3

Key characteristics of the Council's Employment Land figures are;

- There are 81 Employment sites in total, consisting of both Local Plan allocated sites (88% of Total Sites) and more recently added Windfall sites (12% of Total Sites).
- The total area of identified Employment Land is 410.31 Hectares.
- Of the total area, 61% is constrained by major factors including physical, amenity and ownership constraints.
- The second largest proportion is land with minor constraints which consists of 36% of the total Employment Land Area.

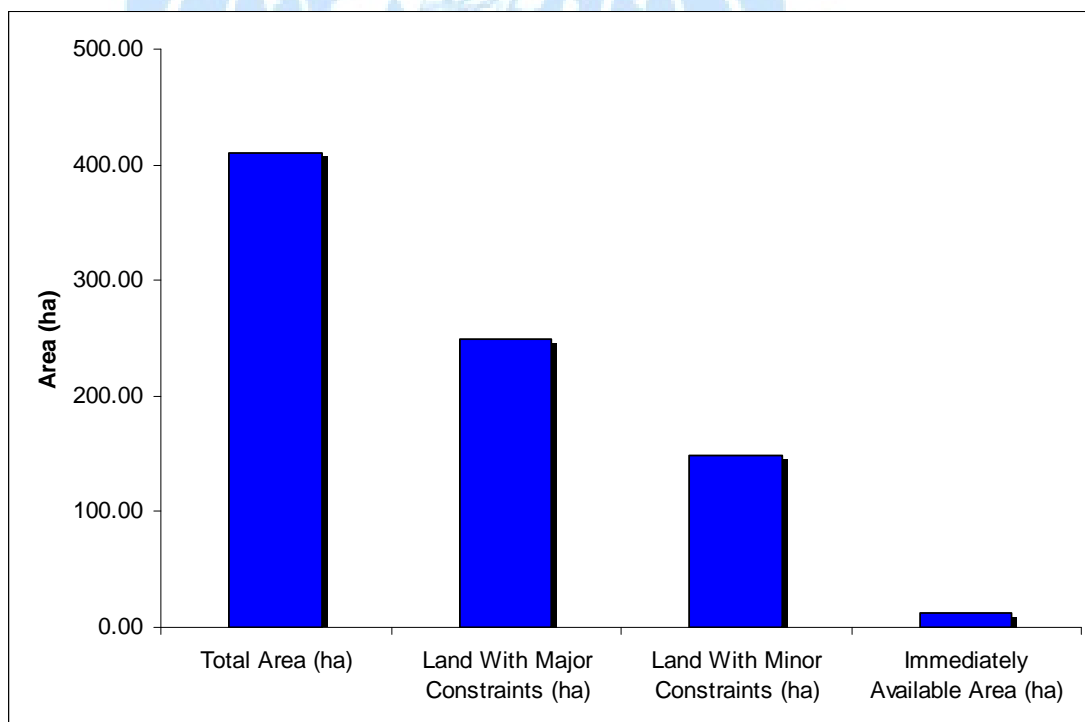

3.5 Employment Land Supply Summary Figures

It is important to consider how the availability of Employment Land is dispersed. A summary of employment land supply by Local Plan area is shown below in Table 2 and by category for Perth and Kinross in Figure 2.

**Table 2: Perth and Kinross Employment Land Supply
Audit Summary 2010 by Local Plan Area and Site Category**

Local Plan Area:	Total Available	Major	Minor	
	Employment	Constrained Area	Constrained	Immediately
	Land (ha)	(ha)	Area (ha)	Available Area (ha)
Eastern	26.68	17.30	7.98	1.40
Highland	13.24	11.97	0	1.27
Kinross	14.47	13.05	0.70	0.72
Perth	336.75	194.24	134.26	8.25
Strathearn	19.17	13.33	5.54	0.30
PERTH and KINROSS TOTAL	410.31	249.89	148.48	11.94

**Figure 2: Perth and Kinross Employment Land Supply
Audit Summary 2009 by site category**

Perth and Kinross Council seek to ensure that an adequate supply of marketable land is available within the Local Plan Areas, in accordance with the five year supply of marketable land as defined in the 2003 Perth and Kinross Structure Plan. Throughout Perth and Kinross the total supply of marketable land (Minor Constraints + Immediately Available) from the 2010 Employment Land Audit (160.42 ha) exceeds the five year marketable land supply defined in the 2003 Perth and Kinross Structure Plan (141.8 ha) by almost 22 ha. However, the majority of marketable employment land is located in the Perth Core area. There is a shortage of marketable land in Perth City, and to a lesser extent in Kinross, Strathearn and Highland Planning Areas (Table 3, Figure 3). **Only 11.94 ha (3%) of the total employment land has been identified as immediately available or serviced business land.**

Table 3. Perth and Kinross Business and Industrial land supply from the 2003 Structure Plan in relation to the Marketable and Immediate Area defined in the 2010 Employment Land Audit

Planning Area	Projected 5 Year Marketable Supply(ha)	Actual Supply(ha)	Deficit/Surplus (ha)
	(2003 Structure Plan)	(2009 Employment Land Audit)	
Perth City	86	33.21	-52.79
Perth Core	1.2	109.30	108.10
Kinross	16.6	1.42	-15.18
Strathearn	26	5.84	-20.16
Eastern	7	9.38	2.38
Highland	5	1.27	-3.73
Perth and Kinross	141.8	160.42	18.62

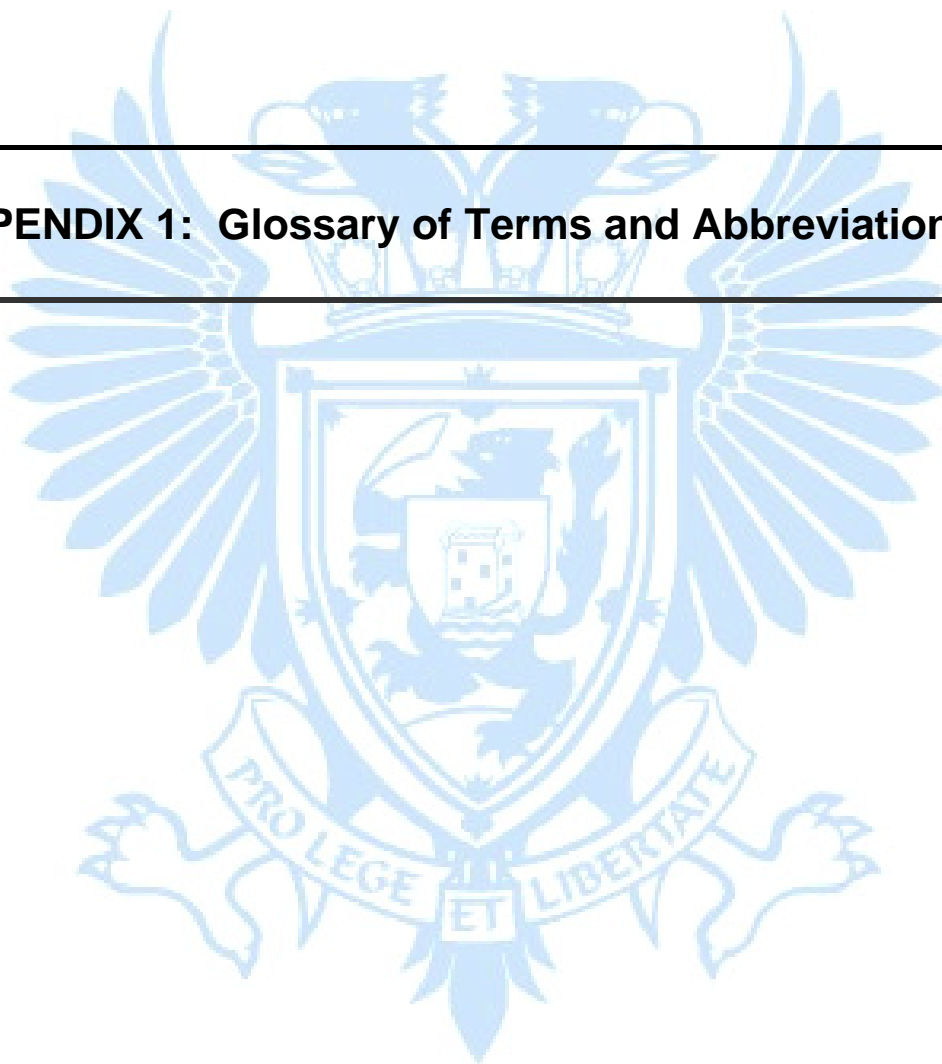

Figure 3. Deficit and Surplus of Marketable Area defined in the 2010 Employment Land Audit in relation to Business and Industrial land supply from the 2003 Structure Plan

3.6 Employment Land Sites - Location Maps

Location maps for each of the Employment Land Supply sites can be found in Appendix 4 – Employment Land Sites - Location Maps. Ordnance Survey mapping included within this audit has been used, as a backdrop, to display Perth and Kinross Council information. It has been provided by Perth and Kinross Council under licence from the Ordnance Survey, in order that Perth and Kinross Council can fulfil its public function to publicise the availability of employment land. The mapping should not be used for any other purpose and persons viewing this mapping should contact the Ordnance Survey for advice if they wish to licence Ordnance Survey mapping for their own use.

APPENDIX 1: Glossary of Terms and Abbreviations

Glossary of Terms and Abbreviations and list of consultees

Area: Site Area (gross) in hectares. Site areas, in all cases are approximate, and are only intended as a guide.

Brownfield Sites: Land / sites which have previously been developed, or used for some purpose that has ceased. They may encompass vacant or derelict land; infill sites; land occupied by redundant or unused buildings; and developed land within the settlement boundary, where further intensification of use is considered acceptable. Private and public gardens, sports and recreation grounds, woodlands and amenity open space are excluded.

Major Constrained Land: Area of land with constraints which can affect the immediate availability of the site. Constraints can include:

- Inability to obtain Planning Permission
- Ownership issues (For example, multiple owners or unwilling sellers)
- Physical Constraints including poor infrastructure provision or difficult topography
- No / poor road access
- Poor availability of services to the site including Water, Gas, Electricity
- Ground Condition Constraints
- Contamination

This category includes much of the land that has been identified for employment uses, that is not marketable i.e. it is considered to be non-effective.

Effective Land Supply: The part of the established employment land supply that is expected to be free of development constraints in the period under consideration. It will therefore be available for construction / development.

Employment Land: This includes land zoned for general industrial and business / office use, storage and distribution uses, business parks and specialist technology parks, including research and development uses. In the main this comprises Classes 4, 5 and 6 of the 1997 Town and Country Planning (Use Classes) (Scotland) Order, but is not exclusive to these uses. It does not include land zoned for retail purposes or buildings (that are vacant but not derelict), although there is scope in the future to include vacant premises.

Employment Land Audit: An annual mechanism for monitoring the employment land supply and identifying sites within the established land supply that are expected to be effective within the period under consideration.

Exp: Expired planning consent. Planning consent expires after 3 years for outline planning permission and 5 years for detailed consent.

Gross Area: This refers to the total area (in hectares) within the boundary of the site and includes allocation for roads, landscaping etc.

LP Ref: The reference used in the latest Local Plan, if applicable.

Local Plan Inset Boundary: The settlement boundary as used in the latest (Draft, Finalised or Approved) Local Plan.

Marketable Land Area: Is Minor Constrained Land Area + Immediately Available Land Area.

Minor Constrained Land: This is land which:

- Has constraints, but the extent of the constraints is judged to be marketable within 2-5 years.
- has a secure planning status (it has either outline planning permission or detailed consent),

- Is consistent with policy in National Planning Policy Guidelines 17: Transport and Planning.

Population: This refers to the settlement population from the 2001 Census.

Serviced: The provision of roads and public utilities, including water, electricity and sewage.

Site Ref: Unique reference for each employment site.

Total Area: This is the total employment land supply area that has been zoned for business / industrial / general employment use in the latest Draft, Finalised or Adopted Local Plans. Any land that has undergone development to date has done so following site identification in 2004.

Undeveloped Land: A site is considered to be undeveloped, but available, until physical construction is underway.

Windfall: This term relates to the identification (and subsequent development) of employment land at sites not allocated for employment use in Local Plans.

Perth and Kinross Local Plan Employment Sites - Summary

Local Plan Area: Eastern

Settlement: Alyth

Population: 2301

Site Ref	Site Name	Address	Site Status	LP Ref	Total Area (ha)	Constrained Area (ha)	Marketable Area (ha)	Immediate Area (ha)	Comments
eEAA001	Mornity Industrial Estate	Airlie Street	Adopted Local Plan Site		0.47	0.47	0.00	0.00	Constraints - Drainage and Ownership. No business / industrial development planning applications received for this site since 1998. Adjacent to existing business. Vacant Land, although starting to look derelict and very overgrown.
eEAA070	Former Sawmill	Bamff Road	Adopted Local Plan Site	AO1	1.00	1.00	0.00	0.00	Constraints - Drainage and Contamination. New site in draft local plan identified as a mixed use development (housing and associated workspaces). Brownfield site. No business / industrial development planning applications received for this site. Derelict Land & Buildings.
eEAA119	Mornity West	Behind Health Centre	New Draft Local Plan Site	AE2	1.00	1.00	0.00	0.00	Constraints - None known. There are no current applications for the site situated behind Alyth Health Centre, which is currently an open field.
Settlement Employment Land Area (ha)					2.47			0.00	

Settlement: Blairgowrie and Rattray

Population: 8441

Site Ref	Site Name	Address	Site Status	LP Ref	Total Area (ha)	Constrained Area (ha)	Marketable Area (ha)	Immediate Area (ha)	Comments
eEAB004	Erichtside Works	Haug Road	Adopted Local Plan Site	BO1	1.28	1.28	0.00	0.00	Constraints - Contamination. Part of a larger opportunity site (BO1) in the Local Plan. Mixed use development, comprising housing, with a minimum of 40% to be employment generating. Planning Permission (07/00992/OUT) and Appeal for residential development refused, site is also derelict land (402). A proposal of application notice has been submitted for the site 09/00011/PAN for mixed use development.
eEAB005	Skirmie Park (north)	Welton Road	Detailed Consent	Windfall	0.11	0.00	0.00	0.11	Constraints - None known. Development of industrial unit on part of the site is complete. Only remaining section (0.11ha) is Vacant Land.
eEAB007	Skirmie Park (south)	Welton Road (Extension)	Adopted Local Plan Site	BE1	11.00	11.00	0.00	0.00	Constraints - Contamination. This site encompasses the southern section of Skirmie Park and additional agricultural land, to form a phased extension. Southern section is newly identified in the draft Local Plan. Access through existing industrial estate, initially with provision of a new link road to Coupar Angus in the long term. No longer vacant buildings (although there may be another section of vacant buildings along the road).

eEAB118	Westfield Farm	Ratray	New Draft Local Plan Site	BO2	2.23	2.23	0.00	0.00	Constraints - Contamination, Access and Draft Local Plan site, subject to public consultation. Brownfield opportunity site (previously a pig farm) newly identified in draft local plan. Employment generating uses to occupy a minimum of 25% of the site. Now derelict land and buildings. No planning applications have been received on this site.
eEAC008	Grampian Foods	Perth Road	Detailed Consent	CE3	6.02	0.00	6.02	0.00	Constraints - Drainage - may be resolved by developing private drainage? Planning consent had been granted for a factory extension to Grampian Foods, which is one of the largest employers in the area. However existing employment site currently has no Planning Permission.

Settlement Employment Land Area (ha) **20.64** **0.11**

Settlement: Coupar Angus

Population: 2190

Site Ref	Site Name	Address	Site Status	LP Ref	Total Area (ha)	Constrained Area (ha)	Marketable Area (ha)	Immediate Area (ha)	Comments
eEAC006	Candlehouse Lane	Candlehouse Lane / A94	Adopted Local Plan Site	CE1	0.32	0.32	0.00	0.00	Constraints - Drainage. No business / industrial planning applications received for this area. Adjacent to newly constructed health centre. Site immediately available but no drainage capacity. Archaeological investigation required to establish acceptability of development. Very overgrown. Vacant Land.
eEAC116	Abbey Wall East	Off Candlehouse Lane	New Draft Local Plan Site	CE3	1.96	0.00	1.96	0.00	Constraints - Drainage and Draft Local Plan site, subject to public consultation. Site will be released in a phased manner. Access through existing industrial estate. No business / industrial planning applications received. Archaeological investigation and flood risk assessment required. Site has received an application for small part of the site (09/01078/IPL). Permission Pending.
eEAC117	Old Railway Station site	Nortel Forfar Road	Detailed Consent	CO1	1.29	0.00	0.00	1.29	Constraints - Drainage and Contamination. Opportunity site for employment generating uses. Noise assessment and access improvements required to facilitate the first section of the new connection to the Dundee Road. Site has current planning permission for 10 houses and new road (06/00203/FUL) with an additional application pending (05/02157/FLL). Site has permission for 16 houses (08/00341/FUL).Development status?

Settlement Employment Land Area (ha) **3.57** **1.29**

Local Plan Total Employment Land Area (ha) **26.68** **1.40**

Local Plan Area: Highland

Settlement: Aberfeldy

Population: 1895

Site Ref	Site Name	Address	Site Status	LP Ref	Total Area (ha)	Constrained Area (ha)	Marketable Area (ha)	Immediate Area (ha)	Comments
eHIA009	Breadalbane Terrace	Dunkeld Road	Development Complete	Windfal I	0.00	0.00	0.00	0.00	All of site appears to be in use, mainly by Grieve Groundworks who run their main depot from here following the approved PP (05/02184/FUL).
eHIL121	Croftnamuick	Camserney	Detailed Consent (exp)	Windfal I	1.28	1.28	0.00	0.00	Constraints - Contamination. Site was cleared ready for work to start, so planning consent (03/01230/FUL) will be active. Owner operates from an alternative site from the Council in Aberfeldy (Breadalbane Terrace), however site is being used for storage and some activity is evident, but no physical infrastructure has been erected.
Settlement Employment Land Area (ha)					1.28			0.00	

Settlement: Acharn (Landward)

Population: 50

Site Ref	Site Name	Address	Site Status	LP Ref	Total Area (ha)	Constrained Area (ha)	Marketable Area (ha)	Immediate Area (ha)	Comments
eHIL010	Manufactory	Off main road	Adopted Local Plan Site	O5	0.47	0.47	0.00	0.00	Constraints - Drainage. No demand / interest in developing site for past 20 years - may in future be removed from the local plan. No business / industrial development planning applications received for this site. Planting required at east of site.
Settlement Employment Land Area (ha)					0.47			0.00	

Settlement: Blair Atholl (Landward)

Population: 475

Site Ref	Site Name	Address	Site Status	LP Ref	Total Area (ha)	Constrained Area (ha)	Marketable Area (ha)	Immediate Area (ha)	Comments
eHIL012	Blair Atholl Sawmill Yard (front)	B8079	Adopted Local Plan Site	Windfal I	0.51	0.51	0.00	0.00	Constraints - Drainage and likely contamination. Surrounded by existing employment land - new industrial units, roads depot and sawmill yard. No business / industrial development planning applications received for this site, although a sign states that they are taking reservations for Phase V (jamie@tulliemet.com). The site is covered by recently approved planning permission 09/01851/FLL.

eHIL013	Goods Yard	Off Ford Road	Adopted Local O6 Plan Site		1.20	1.20	0.00	0.00	Constraints - Drainage, Contamination and Access. Old railway goods yard. Narrow section will be difficult to develop / won't sustain a large development. No business / industrial development planning applications received for this site. There is a new access point allowing access to the widest section.
eHIL115	Blair Atholl Sawmill Yard (rear)	B8079	Adopted Local Windfal Plan Site	I	0.39	0.39	0.00	0.00	Constraints - Drainage and likely contamination. Located at the rear of area currently used as a sawmill yard. Currently being used to store the logs. Potential for further development. Site is covered by planning permission 09/01851/FLL.

Settlement Employment Land Area (ha) **2.10** **0.00**

Settlement: Kenmore (Landward) Population: 62

Site Ref	Site Name	Address	Site Status	LP Ref	Total Area (ha)	Constrained Area (ha)	Marketable Area (ha)	Immediate Area (ha)	Comments
eHIL015	Croft na Caber	Next to and behind Hotel car park	Adopted Local O8 Plan Site		0.55	0.55	0.00	0.00	Constraints - Drainage. Currently agricultural land (fields). Adjacent to existing hotel car park. PP pending for a commercial and leisure development (08/01577/FLM).

Settlement Employment Land Area (ha) **0.55** **0.00**

Settlement: Murthly/Gellyburn (Landward) Population: 395

Site Ref	Site Name	Address	Site Status	LP Ref	Total Area (ha)	Constrained Area (ha)	Marketable Area (ha)	Immediate Area (ha)	Comments
eHIL016	Goods Yard	Station Road	Adopted Local O9 Plan Site		0.71	0.71	0.00	0.00	Constraints - Drainage and Contamination. Could be used for affordable housing. No business / industrial development planning applications received for this site. Derelict Land.

Settlement Employment Land Area (ha) **0.71** **0.00**

Settlement: Pitlochry Population: 2564

Site Ref	Site Name	Address	Site Status	LP Ref	Total Area (ha)	Constrained Area (ha)	Marketable Area (ha)	Immediate Area (ha)	Comments
----------	-----------	---------	-------------	--------	-----------------	-----------------------	----------------------	---------------------	----------

eHIP017	Armoury Area	Armoury Road / Ferry Road	Development Complete	O2	3.00	3.00	0.00	0.00	Constraints - Access, Topography, Drainage and some areas of Contamination. Medical centre, care home and community hospital complete which has taken up all of the area with development potential. There are no development proposals / planning applications for the western section of this site (3ha). This part of the site is considerably restricted due to woods, poor access and topography.
eHIP018	Dundarrach	Perth Road	Adopted Local Plan Site	O3	3.86	3.86	0.00	0.00	Constraints - Access, Ownership and Drainage. Currently an open field. Approximately 50% of the site is affected by the 1 in 100 year flood event. Application has been made on the site for Supermarket development (10/00666/FLM) which is pending.
eHIP019	Stack Yard	Foss Road	Detailed Consent	O4	1.27	0.00	0.00	1.27	Constraints - Drainage and impending development of 2nd unit. Development of 1st industrial unit is complete and site boundary redrawn. Very good access to A9 but must be suitably screened. Previously used as a material storage during construction of A9. Restrictions on businesses that may create a lot of traffic at the junction with the A9. 2 current applications on Plots 5 and 6, but so far remain undeveloped.

Settlement Employment Land Area (ha)	8.13	1.27

Awaiting decision for planning permission (in outline) for large scale business, industrial and retail development. Short term opportunity. Currently agricultural land on edge of existing industrial estate. A proposal of application notice has been submitted for mixed use development (10/00005/PAN) which is pending.
ePEP030	Inveralmond Industrial Estate (East)	A9/A912	Adopted Local Plan Site	P5	5.00	5.00	0.00	0.00	Constraints - Access. Short term development opportunity. The only planning application (99/01921/OUT) on this site was withdrawn. There have been no other applications since then (2000). Currently acting as open space.
ePEP032	Broxden North Business Park	Lamberkine Drive	Draft Local Plan Site	P11	2.70	0.00	0.00	2.70	Constraints - None. Short term development opportunity. First section of land, on approach from roundabout, has been developed, the remainder is agricultural land / open space. The site currently has Planning Permissions on the site (southern half roughly) 07/02592/FUL, 08/00651/FUL, 08/00515/FUL & 09/02000/FLL. Currently under development.
ePEP033	Calyx National Garden for	Broxden South / Cherrybank	Unknown	P12	21.92	0.00	21.92	0.00	Constraints - None known. Site was proposed to become the Calyx National Garden for which PP (outline) was granted, however funding has fallen through and project no longer looks set to go ahead. Outline Consent has been submitted for 22.8 ha west area of site for mixed residential, school and industrial land. 2 ha east of the site have been removed as gardens and outbuildings to be maintained by the Council. In addition 0.88 ha to the west of the site has accommodated the extension of the Park and Ride.
ePEP034	Mains of Huntingtower	West of Auction Mart	New Draft Local Plan Site	P8	5.80	5.80	0.00	0.00	Constraints - Access and Draft Local Plan site, subject to public consultation. Short term development, adjacent to Perth Agricultural Park / Huntingtower Park. Possible location for a DIY store. The landowners are seeking the inclusion of an extended area for a wider range of mixed uses, within the Finalised Local Plan. No business / industrial planning applications have been received for this site. Transport assessment required. Outside adopted LP settlement boundary.

ePEP035	Kinfauns	West Kinfauns	Adopted Local V8 Plan Site		2.00	2.00	0.00	0.00	Constraints - Drainage. Good access to M90. Adjacent to Highland Distillers HQ. No business / industrial planning applications have been received for this site.
ePEP037	Arran Road	North Muirton Industrial Estate	Detailed Consent	P4	16.70	16.70	0.00	0.00	Constraints - Access and Ownership. Two industrial units have been built on southern section of site (the site boundary has been redrawn to exclude these units). Development of northern section is in question due to various constraints. Short term development opportunity. Northern section currently acting as open space. Southern section contains vacant land.
ePEP038	Inveralmond Motormile	North of Chrysler & Smart Showroom	In Use Temporarily	Motormile	0.86	0.86	0.00	0.00	Constraints - Temporarily in use. Has received planning permission for temporary use - this will prevent short term development by other parties. At northern end of motormile (most has now been developed), next to Chrysler Jeep and Smart showroom. Previous planning applications for hotel complexes etc have been refused (00/01172/OUT). This site may be appropriate for removal in the future.
ePEP039	Broxden Farm	West of proposed Calyx National	Adopted Local P11 Plan Site		3.54	0.00	0.00	3.54	Constraints - Contamination. Adjacent to recently developed Travelodge, Brewers Fayre, MacDonalds, Park and Ride etc. May not develop further onto this site. Short term opportunity tied in with PP 04/01500/OUT for Calyx National Garden, however is now no longer going ahead.
ePEP041	Hillside Hospital	Dundee Road	Detailed Consent	P15	1.70	0.00	1.70	0.00	Constraints - Ownership, Topography and Contamination. Brownfield site. Preferred use is hotel and / or conference centre. Short term development opportunity. Building demolished and site currently being used as a temporary car park. Planning permission has been granted for mixed use development (06/01241/FUL) however no sign of any physical construction yet (July 2010).
ePEP042	Newton Farm	Crieff Road	Adopted Local P10 Plan Site		6.10	6.10	0.00	0.00	Constraints - Topography, Contamination and Access. Short term development opportunity. There is currently an application to develop site for a food store & petrol station (10/00004/PAN) which is pending consideration. A transport assessment will be required.
ePEP043	Tayview Industrial Estate -	Perth Harbour	Adopted Local P14 Plan Site		4.30	4.30	0.00	0.00	Constraints - Contamination, Access and Topography. Long term development opportunity. A previous building at the front of the site has been demolished - this will allow access onto the road. Derelict Land. 1034 section of land at the front of the site is being used (temporary?) to store lorry trailers. The only applications received have been with regards to perimeter fencing,
ePEP044	Ladeside Industrial Estate	Ladeside Industrial Estate	Newly Identified Site (not in Local Plans)	Windfall	0.27	0.00	0.00	0.27	No known constraints, Newly identified site 2008. To be placed on market by Estates in November 2008 for private development purposes. Site still lying in derelict state with no planning applications submitted.
ePEP067	Mains of Huntingtower	Huntingtower	New Draft Local Plan Site	P9	29.30	29.30	0.00	0.00	Constraints - Access and Draft Local Plan site, subject to public consultation. Long term development opportunity. Requires new access and landscaping at the front, along Crieff Road. Transport assessment required. The landowners are seeking the inclusion of an extended area for a wider range of mixed uses, within the Finalised Local Plan. No business / industrial planning applications have been received for this site. Outside adopted LP settlement boundary.
ePEP104	Former Car Showroom	Riggs Road	Draft Local Plan Site	P1	0.54	0.54	0.00	0.00	Constraints - Contamination and Draft Local Plan site, subject to public consultation. Brownfield Site. Short term re-development opportunity of former garage, which could include an element of affordable housing. Site previously owned by MacRae & Dick but sold on to developers. Southern section of site developed (Lidl superstore) and removed from audit.

ePEP105	Railway Land	Edinburgh Road / Manson Terrace	New Draft Local Plan Site	P2	1.90	1.90	0.00	0.00	Constraints - Contamination, Access and Draft Local Plan site, subject to public consultation. Short term development opportunity with difficult access from the harbour. Unlikely to be developed in the short term. No business / industrial planning applications have been received for this site. Derelict land.
ePEP106	Goods Yard	Tulloch Road	New Draft Local Plan Site	P3	10.90	10.90	0.00	0.00	Constraints - Access, Contamination, Ownership and Draft Local Plan site, subject to public consultation. Site currently lying unused (recently undergone partial cleanup with old tracks being lifted) but scheduled as a long term development. Could be considered as operational land defined as derelict for svdls. An application to use site for residential development in principle has been received and is currently pending (10/00002/PAN & 10/00003/PAN). No full applications have been received for the site.
ePEP107a	Dewar's (a)	Inveralmond	Adopted Local Plan Site	P6	1.74	0.00	0.00	1.74	No known constraints
ePEP107b	Dewar's (b)	Inveralmond	Adopted Local Plan Site	P6	1.34	0.00	1.34	0.00	Constraints- Suspected contamination, possible drainage issues, extension and access improvements needed to current road and possible overgrowth issues.
ePEP108	Friarton Quarry	Gleneagles Road	Adopted Local Plan Site	P13	21.10	21.10	0.00	0.00	Constraints - Currently in use. Quarry redevelopment is a long term development opportunity, once the quarry resource has been worked out. Redevelopment will be subject to an environmental assessment and re-instatement plan.
