Child Protection Inspection Report 2011 – CPC Single Improvement Plan 2011:-

- Review our existing Initial Screening and Inter-Agency Referral Discussions for all child care/protection concerns;
- Review our existing Medical Examination arrangements;
- Develop our existing Information Sharing arrangements across universal services;
- Develop our existing Chronologies and move towards Integrated Chronologies – education and health;
- Develop our existing Assessments and move towards Integrated Assessments – education and health;
- Develop our existing Management Information and Statistics;
- Develop our existing Public Information, Communication and Engagement activities – community engagement and capacity building;
- Continue to build on very effective practice – improve services; and
- Develop our existing self evaluation processes – focussed on measuring impact and outcomes.
