

Perth & Kinross Outdoor Access Forum Membership of the Water Issues Subgroup

Aim: To work with Council Officers and others as appropriate to consider and give advice on how best to resolve any issues arising in relation to access to, or on water. This information and advice is taken to the Forum quarterly meetings for approval.

Notes: The Forum has assisted parties on the upper Tay where angling and rafting interests are in dispute. The aim is to try to facilitate the agreement of terms, (in the form of local agreement), which allows both commercial interests to prosper.

Established: At Forum meeting of 25 August 2005.

Membership: Since its formation membership of the subgroup has altered in line with changing membership of the Forum. It has a balanced member with two from each of the four groups of the Forum. Current members are listed below.
