

# NON-RECYCLABLE WASTE

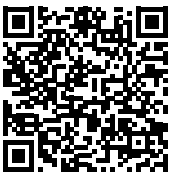

**Commercial Waste  
Collections Service**

# Zero Waste Compliance Visit

If you are unsure what services you require, you can book a no obligation Zero Waste Compliance visit with the Commercial Waste Team. You can also request a Waste Audit form which will allow you to track waste through your organisation. The audits can help with tailoring collection services to your business needs.

## Why choose Perth & Kinross Council for your waste collection?

Perth & Kinross Council operates a long-established network of local depots, offering a reliable and responsive service of non-recyclable waste collection in every area of Perth and Kinross.

The Commercial Waste Team are committed to helping businesses recycle more materials more often by providing a fully integrated waste management system.

There are a range of containers available to suit the volume and type of waste that your business produces, and storage space you have. This includes two and four-wheeled bins of various sizes, trade waste sacks and labels.

## What waste can your business dispose of?

Commercial collections for non-recyclable (general) waste are for waste that cannot easily be reused or recycled. All types of non-recyclable waste, that is not classified as hazardous or special waste, can be disposed of using this service.

For further information, please contact the Perth & Kinross Council Commercial Waste Team:
