

# A Safe Place Scheme in Perth City Centre

## **What is the A Safe Place Scheme?**

- The Safe Place Scheme is here to help you and your friends feel safe when you're out and about in the city centre.
- We are asking shops and other Businesses to put a Safe Place sticker in their window
- Anyone who lives in Perth & Kinross and has a disability can have a Safe Place card which will have important details on it. You must sign up to get a card.

## **What do I do if I don't feel safe?**

- If you feel threatened, bullied, have had an accident or are lost, you can go to a shop or office with a safe Place sticker
- Show a staff member your Safe Place Card and they will help you
- If you can't find a place nearby with a Safe Place Sticker just call the Police on the national non-emergency number 101. In an emergency you can call 999

**Perth & Kinross Councils Community Safety Partnership is launching a Safe Place Scheme initially in Perth City Centre. The aim of the scheme is to help prevent bullying, abuse and harassment of people with disabilities.**
