

PERTH AND KINROSS COUNCIL**LICENSING COMMITTEE.****26 June 2014****Public Entertainment Licence:
T in the Park, Balado Airfield, Kinross****Report by Head of Legal Services****PURPOSE OF REPORT**

The report asks the Committee to consider a request by DF Concerts to vary the conditions of their Public Entertainment Licence for T in the park, by increasing the number of camping tickets available on the Thursday of the event.

1. BACKGROUND / MAIN ISSUES

- 1.1 The Licensing Committee has responsibility on behalf of the Council, in accordance with the Civic Government (Scotland) Act 1982, for decisions relating to public entertainment licences.
- 1.2 This year's T in the Park event is due to take place between 10 and 13 July 2014 at Balado Airfield, Kinross.
- 1.3 The Public Entertainment Licence was renewed in July 2013 for a period of 2 years. The Committee agreed the Public Entertainment Licence at that time.
- 1.4 The Public Entertainment Licence for the T in the Park event has a condition limiting the number of camping tickets to 30,000 on Thursday of the event. The current licence conditions are attached as Appendix one.
- 1.5 The Licensee has submitted a request to increase the number of camping tickets available on the Thursday of the event by 10,000. The number of tickets permitted on Thursday is currently 30,000 although the overall capacity of the campsite is 70,000. The permitted number of camping tickets available on Friday, Saturday and Sunday of the event is 70,000.
- 1.6 Any proposed change in the capacity for the event must be considered by the Committee. The Licensee has requested that consideration be given to the request to enable planning to take place for the 2014 event.
- 1.7 The request was discussed at a Multi-Agency Planning Group meeting on 19 June 2014 and the Community Councils have also been consulted but no representations or objections have been received.

1.8 The Licensee has advised that by increasing the numbers of tickets available on the Thursday of the event, it is hoped that more people will arrive on Thursday instead of Friday, which would lessen the overall organisational impact within the campsite on that day.

2. PROPOSAL

2.1 It is proposed that consideration be given to the request by the Licensee to vary the conditions of their Public Entertainment Licence for T in the park, by increasing the number of camping tickets available on the Thursday of the event by 10,000.

2. CONCLUSION AND RECOMMENDATION(S)

3.1 It is recommended that consideration be given by the Committee to the request by the Licensee to vary the conditions of their Public Entertainment Licence for T in the Park.
