2.4 **Developing Scotland's Young Workforce**

An update was provided on the work of the short life sub groups examining The Commission for Developing Scotland's Young Workforce. This sub group last met in December 2014 and agreed to review our current activities in this area. They have established 4 short life working groups to map current activities and outcomes across the four main areas of Schools activity, Modern Apprenticeships, College activity and Employer Engagement.

2.5 **Joint Resourcing**

The group were briefed on the ongoing work in East Perthshire on Joint Resourcing. CPP agreed three interlinked joint resourcing priorities as the initial focus for joint resourcing arrangements, there were:

- Workless Households in Blairgowrie/Ratray;
- Business Growth and Support (including business start-ups and social enterprise); and
- Employer Engagement.

The CPPEOG further progressed joint resourcing arrangements at a second workshop held on 30 January 2015. This workshop focused upon the workless households theme, allowing the Group to discuss the 'lived experience' of a workless household in Ratray and consider collaborative outcomes and measures of success. From the workshop, CPPEOG have agreed an outline action plan to identify: the outcome and impact; high level impact measures; what needs to happen to implement the vision; what do we need to do to make things happen; what we should stop doing; what resources will most efficiently carry out the actions required; what will they cost; what are the risks; how will we manage risks; and how will we monitor benefits and effectiveness. An update on joint resourcing progress was submitted to the CPP Board on 13 February 2015.

2.6 **Employability Pipeline ESF**

The group received an update on the development of a CPP Employability Pipeline bid for ESF funding. Although some details around the funding mechanisms remain unclear, it is still hoped that we will submit a bid by the next deadline of the 9th of March.
