Young Carers E-Learning Module

What is the PKAVS Young Carers E-learning Module?

This e-learning tool is for professionals who would like to learn more about Young Carers.

Young Carers are children and young people who care for a family member of any age, due to disability, mental illness, chronic/terminal illness or problems relating to substance misuse.

The aim of this e-learning tool is to:

- Increase individuals understanding of who young carers are
- Increase understanding of the impact of caring responsibilities
- Increase individuals knowledge of laws and legislation related to young carers
- Increase individuals knowledge of methods to support young carers

What To Expect

You will first be introduced to 4 young carers, their stories and how it has impacted them. You will then be able to explore different ways young carers can be supported. There will be a few questions throughout this module leading to a completion certificate at the end.
