

Creating a Locality Action Plan

Finding Out

What evidence do we have?

- Stories of Place
- LAP members and local knowledge

What does the evidence tell us?

Community Planning Partnership Support: statistical research and analysis

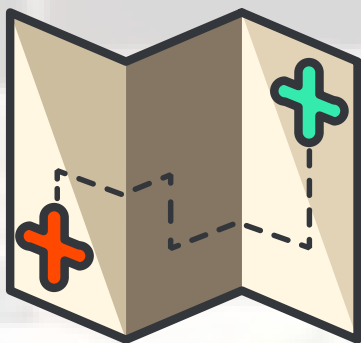

Reaching Out

What does the community think?

- Community Engagement and Consultation
- National Standards for Community Engagement

What does this tell us about our priorities?

Community Planning Partnership Support: support tools and analysis of results

Planning Ahead

Prioritising and action planning

- Community Engagement and Consultation

Production of agreed Local Action Plan

Community Planning Partnership Support: facilitating, design and communications

Keeping on Track

Monitoring progress with the Local Action Plan

- Focussing on agreed actions
- Updating and communicating progress

Evaluating impact and reviewing the Plan

Community Planning Partnership Support: data analysis and communications
