### **How do I present my items for uplift?**

All items must be placed at the kerbside for 7:30am on the morning of your specified uplift day. If you intend on presenting bags of waste, please make sure you double bag and leave aside for 72 hours before collection. In addition, no sharp items

should be placed in bags. These measures are to protect our staff whilst handling bags of waste.

Please note we cannot uplift items from inside properties, sheds or garages.

To minimise the risk to our staff, we can only uplift items if they are placed at the kerbside. We will not collect from inside homes, sheds or garages.

At this current time, we are only able to lift 5 items. As our we get back to normal service level, you will be able to request a quote for the uplift from our Operations Team.
