to confirm availability,

CONDITIONS OF LET

- A responsible person who may be the Club chair should fill out the Pitch Booking Application Form and shall be deemed to be the Hirer and shall be responsible for compliance with all rules, regulations or requirements made or laid down by the Council or governing bodies in respect of the use of the grounds and premises and shall be deemed to be the responsible person nominated to be in charge while the game is being held.
- Teams are responsible for line-marking the pitch throughout the season. PKC may carry out the initial Mark and Measure, or pitch marker carrots will be installed on the pitch, but no additional lining can be guaranteed even as a paid service.
- The home team will be responsible for ensuring that all litter resulting from matches is collected and disposed of safely – Council Officers will monitor this.
- A seasonal booking will allow a maximum of 22 home matches. A maximum of four teams to one pitch is recommended. Any additional games will be charged for accordingly.
- Teams should always assess pitch conditions and decide if the pitch is playable. Choosing not to play when the ground is too wet is in the team's best interest if they wish to continue playing there for a full season.
- The Council will not be held responsible for any losses incurred by a team as a result of the pitch being deemed unsuitable for play.
- Where car parking provision at Recreation Grounds is known to be inadequate, we ask clubs to request their members to co-operate in preventing car parking problems by not parking on grass verges, by parking their car off main roads and by using alternative Council car park facilities where they exist near to Recreation Grounds.
- Pitches cannot be sub-let without prior permission of the Council.
- A Council representative will monitor the pitches throughout the season to ensure they are not being misused. Our Infrastructure team will be call off matches and remove goal posts if and when necessary.
