

Due to the current Covid restrictions we cannot confirm if school meal service will return to normal after the summer holidays.

The current school bagged meal service is in place to meet relevant guidance in terms of numbers and ventilation requirements, and while the bagged meal service is in place, Perth and Kinross Council have to operate a reduced option menu.

Perth and Kinross Council is hopeful that that there will be a move back to a normal dining hall-based meal service following the Summer break, however until this has been confirmed, the menu for next term cannot be finalised.

Should the normal service be resumed after the summer break, this menu will be available.
