

## Holiday Food, Childcare and Activities Fund – Evaluation

### Part 1

Thank you so much for all your hard work in delivering the summer programme for children, young people and families Perth and Kinross. We all hope you and the children, young people and families enjoyed. This evaluation is part of our return to the Scottish Government and we ask that you complete so we can give a good account of how the money has been spent and how the children and young people have benefitted.

There are 2 parts to this evaluation, part 1 is in this survey, where we ask you to provide information regarding the impact of the programme you have delivered. The second part is on a spreadsheet which has been sent to you separately, where you are asked to indicate the numbers of participants and the types of activities they did.

Please answer the following questions as fully as possible.

Dates for submission will be provided in your email confirmation.

---

### Organisation details

1. Name of organisation
2. Name of Person Completing form
3. Email address
4. Contact phone number

### Impacts

5. Please advise how much you were awarded from FIHP? *Please also include any underspend from previous FIHP funding*
6. Please advise how much was spent on meals/snacks?
7. Please advise how many meal/snack portions you supplied? *This would be the amount of children x the amount of meal/snacks*
8. Please provide a breakdown of how you spent your allocation
9. Did you have any underspend?
10. Please state how much and reasons for the underspend?
11. Did you carry forward an underspend from previous awards from FIHP?
12. Please state the amount of this underspend
13. Please explain how the funding has allowed you to expand on your usual holiday provision. What has been different? *If not applicable, please state n/a to move to the next question*
14. Please provide information on any target groups who did not participate, and any reflections on why that was the case. *If not applicable, please state n/a to move to the next question*
15. If the items or activities detailed above are different in any way from what was stated on your original application, use the space below to explain the changes. *If not applicable, please state n/a to move to the next question*

16. We are keen to know about the children/families who are accessing your service, can you advise how many of these children/families have attended your service previously which was funded through FIHP in the Summer, Autumn or Christmas school holidays? This is an approximate estimate

### **Outcomes and Reflections**

17. Would your service run without this funding?

18. Additional Capacity for existing services - How many new additional places have been created with this funding? *Please only complete this if you run this service normally eg places at a kids club*

19. New Services - If you have been able to create a new service/programme, how many places were you able to offer as a result of this funding? *Please only complete this number if this is a new service that you would not normally run without this funding*

20. What is the overall capacity of existing service combined with the new allocation of places as a result of this funding? *Please note the next 3 questions you should answer as follows*

*\*Capacity is defined here as the total number of children able to use a service multiplied by the number of hours it operates over the holiday period*

*e.g. 10places over 5 days for 4hours would be  $10 \times 5 \times 4 = 200$  hours of service provided*

21. Total number of children who were allocated to attend your holiday service (New and Expanded services)

22. Total number of children who were allocated to attend your holiday service (New and Expanded services)

23. If your services was aimed at families please can you advise how many parents/carers attended?

24. Were you able to identify individual children from within your own service?

25. Were you able to offer places to individual children from external services referring to your service?

26. What difference has the delivered activities made for the wellbeing of children, young people and families?

What have children, young people and their families told you about their experiences? *You can attach an activity report or other supporting information if you wish when you submit your spreadsheet data*

27. Please give details below on how your project has impacted on tackling food insecurity in your community

28. What do you think worked well and what could be improved?

Is there anything from what you have done differently this summer that you will look to continue in the future?

29. Do you have any other comments or reflections?
