Thank you for your e-mail advising that the applicant has made an application for a review of the decision that was made by the Planning Authority dated 27th September 2023.

I would like to make a further representation in relation to the review of the original decision.

The applicant was advised in the original decision that the use of the property as a short term let should cease immediately. That did not happen and the property has continued to be let on a short term basis. There have been numerous short term occupants gaining access to the building and the flat, using the keys which are held in the key box at the front door of the building.

The property has continued to be advertised for short term lets on a number of websites, including airbnb.com and deansretreats.co.uk. Attached are a number of screen shots from the websites for your information.

The continued short term letting is a flagrant breach of the decision made by the Planning Authority on 27th September 2023.
