

Appendix 4 – Following the Public Pound Report 2024/25

FOLLOWING THE PUBLIC POUND 1 April 2024 to 31 March 2025

‘Following the Public Pound’ means ensuring that there is proper accountability for public funds used in delivering services and providing social benefits, irrespective of the means of delivering them. Each Strategic Lead is responsible for ensuring that there is clear public accountability for public funds which are provided from their budgets to outside organisations.

In common with other Local Authorities, the Council works with a number of external organisations to assist in the provision of its services. These external organisations include public, private and voluntary sector providers.

The Council has a local Code of Guidance based on the Code of Guidance on Funding External Bodies and Following the Public Pound issued by the Accounts Commission in co-operation with COSLA.

Queries in respect of specific activities should be raised via contracts@pkc.gov.uk
