Good afternoon

I would like to record that once again I fully support this development.

Having read the Council rejection letter there were some inaccuracies which included the amount of persons that supported this development . All the emails that were sent in, in support of this were batched when the council declared the amount of supports they only counted the loaded batches and not the content. If you had included all the supports within each batch this resulted in well over 700 votes and compared to objections superseded the amount declared in the rejection letter.

I think Blairgowrie needs to move with the times. Having a McDonalds will have no impact on town centre cafes. People want a choice and local cafes do not open beyond 5pm. Younger generation do not visit local cafes for coffee and a scone. McDonald's will offer younger and older people employment.

I fully support this application.

Kind regards

Suzanne Ritchie
